Stewards of the Easter Season

Christ is risen! Indeed, He is risen!

If you're thinking this greeting comes a little late, since Easter Sunday was April 5th, think again. As Catholic Christians, we celebrate the Easter season for seven weeks, until the fires of Pentecost once again inflame our hearts on May 24th. Indeed, how could we not continue to celebrate this event that has changed everything for us?

It's easy to slip into a cultural way of thinking about our great feasts. Many people have the Christmas tree taken down at the end of New Year's Day, rather than waiting for Epiphany.

Likewise, most of us have long ago put the Easter decorations away.

But the Christian steward is aware of the beauty and meaning of the seasons in the liturgical calendar.

The Easter season remains a special time for recommitment to the Lord. One word for this period is "mystagogia," and those who were newly baptized at the Great Easter Vigil are especially familiar with this term. It literally means that we delve more deeply into the mystery of our faith. But exploring this mystery is not just an endeavor for new Christians. As we prepare for Pentecost, we prayerfully examine what the Resurrection means in our own lives.

For Christian stewards, it's a time to reevaluate how faith in the Risen Lord informs every aspect of our lives – how we labor, how we play, the way we pray, how we allocate our resources, where we spend our time, how we love, how we extend our compassion to others. If Christ is truly risen – an astounding and life-altering belief – then this Easter time brings immense joy and a continuing desire to know the Risen Lord.

The Scripture readings of the season are especially helpful. We hear once again the stories of the appearances of Jesus to his friends; how often they failed, initially, to recognize him in his glory. The Acts of the Apostles tell us of the struggles and the excitement of the new community of believers.

We spent forty days in the penitential season of Lent.

Now, we are embarked on fifty days of joyous celebration. Let us experience this joy throughout the Easter season, so that when we celebrate Pentecost, we may truly find our hearts on fire with the Holy Spirit.

Third Sunday of Easter

As today's gospel reveals, the first meal shared with the risen Lord happened in a place called Emmaus. Perhaps there is no better time to reflect on this story than in those prayerful moments at Mass when we return to our place after receiving Holy Communion. Those few moments give us an opportunity to reflect on our stewardship of Christ's presence within us. We have a chance to practice hospitality by inviting Jesus into our hearts to walk and talk with us about our own Emmaus journey. We can relive once again the time when he broke bread for the disciples. And just as they did, we too can recognize Christ in this meal we have just shared with others.

Tercer Domingo de Pascua

Como nos revela el Evangelio de hoy, la primera comida compartida con el Señor resucitado ocurrió en un lugar llamado Emaús. Tal vez no hay tiempo más propicio para reflexionar acerca de esta historia que en esos momentos de oración en la Misa cuando regresamos a nuestro lugar después de recibir la Sagrada Comunión. Estos escasos instantes nos dan una oportunidad para reflexionar sobre nuestra corresponsabilidad de la presencia de Cristo dentro de nosotros. Tenemos la oportunidad de practicar la hospitalidad al invitar a Jesús dentro de nuestros corazones a caminar y hablar con nosotros acerca de nuestro propio camino de Emaús. Nosotros podemos revivir una vez más el momento de la fracción del pan para los discípulos. Y al igual que ellos, también podemos reconocer a Cristo en este alimento que recién hemos compartido con otros.

We are looking for individuals to serve as Lectors, Greeters, Eucharistic Ministers and Scrip Sellers. If you feel called to help our community in these important ministries, please call the office.

Your help makes a difference!

Please join the Holy Eucharist Rosary Group. The group meets on Tuesdays at 10:30 am here in the church.

All are welcome!

Let's Teach Our Children to Be Good Stewards of the Earth!

April 22 marks the celebration of Earth Day 2026. This annual event, which began in 1970 and launched the modern environmental movement, reminds us all that the care and protection of our earth and natural environment is of urgent concern. Let us celebrate Earth Day by cultivating a deep sense of environmental stewardship in our children.

Like many aspects of parenting, creating healthy habits involves repetition and teaching our children the values and reasons behind why we do things. We can explain the importance of recycling or why composting keeps material out of landfills. We can also teach our children about the importance of keeping our parks and beaches clean to protect the ecosystem. Here are a few tips to help raise your children's consciousness of being good stewards of the earth.

- Create your own family recycling center: Teach children to always pick up after themselves and to dispose of trash in the proper containers. This can easily be done by having separate storage bins for trash, recycling and compost that are labeled accordingly. Children love placing things in containers, and they will figure out the system pretty quickly.
 - Get children into the outdoors: The best way to get children connected to the planet is to take them outdoors and let them experience nature first-hand. This can be done by taking hikes or visiting a lake or river. Having a picnic in the park is also a great way to experience nature.
 - Teach children how to care for plants and animals. Taking care of plants and pets is an easy way for your children to learn how to care for living things. This will also teach them responsibility.
- Teach children to respect nature. When we spend time in nature, our presence often impacts the health of the plants and animals we come into contact with. While spending time outdoors, take the time to teach your children why staying on the trails is important in order to protect sensitive ecosystems, or while at the beach or in a park, teach them to clean up any trash before leaving, or not to disturb the wildlife.
- Set a good example for kids: This is the best way to teach children to be eco-friendly as children look up to their parents and mimic their behavior. The key is to not just talk about being good stewards of the earth, but to actually practice it.

The earth and all its resources are a precious gift from God.

Let's teach our children to show their respect and appreciation for this wondrous gift by diligently caring for it. Let's make it a priority to teach our children the importance of showing gratitude to God by being good stewards of His creation.

¡Enseñemos a nuestros hijos a ser buenos corresponsables de la Tierra!

El 22 de abril se celebra el Día de la Tierra 2026. Este evento anual, que comenzó en 1970 y dio origen al movimiento ambientalista moderno, nos recuerda a todos que el cuidado y la protección de nuestra Tierra y el medio ambiente natural son de suma importancia. Celebremos el Día de la Tierra cultivando un profundo sentido de corresponsabilidad ambiental en nuestros hijos. Como en muchos aspectos de la crianza, crear hábitos saludables implica la repetición y enseñar a nuestros hijos los valores y las razones por las que hacemos las cosas. Podemos explicarles la importancia del reciclaje o por qué el compostaje evita que los residuos terminen en los vertederos. También podemos enseñarles a nuestros hijos sobre la importancia de mantener limpios nuestros parques y playas para proteger el ecosistema. Aquí les ofrecemos algunos consejos para ayudar a que sus hijos tomen conciencia de la importancia de ser buenos corresponsables de la Tierra.

- Creen su propio centro de reciclaje familiar: Enseñen a los niños a recoger siempre su basura y a depositarla en los contenedores adecuados. Esto se puede lograr fácilmente utilizando contenedores separados para basura, reciclaje y compostaje, debidamente etiquetados. A los niños les encanta guardar las cosas en contenedores y aprenderán el sistema rápidamente.
 - Involucre a los niños en actividades al aire libre: La mejor manera de conectar a los niños con el planeta es llevándolos al aire libre y permitiéndoles experimentar la naturaleza de primera mano. Esto se puede hacer mediante excursiones o visitando un lago o río. Un picnic en el parque también es una excelente manera de disfrutar de la naturaleza.
- Enseñe a los niños a cuidar las plantas y los animales. Cuidar las plantas y las mascotas es una manera sencilla de que sus hijos aprendan a cuidar los seres vivos. Esto también les enseñará responsabilidad.
- Enseñe a los niños a respetar la naturaleza. Cuando pasamos tiempo en la naturaleza, nuestra presencia a menudo afecta la salud de las plantas y los animales con los que entramos en contacto. Al pasar tiempo al aire libre, aproveche para enseñarles por qué es importante permanecer en los senderos para proteger los ecosistemas sensibles. En la playa o en un parque, enséñenles a recoger la basura antes de irse y a no molestar a la fauna silvestre.
- Den un buen ejemplo a los niños: Esta es la mejor manera de enseñarles a ser respetuosos con el medio ambiente, ya que los niños admiran a sus padres e imitan su comportamiento. La clave no es solo hablar de cuidar el planeta, sino ponerlo en práctica.

La Tierra y todos sus recursos son un precioso regalo de Dios. Enseñemos a nuestros hijos a mostrar respeto y aprecio por este maravilloso regalo cuidándolo con esmero. Hagamos una prioridad el enseñar a nuestros hijos mostrar gratitud a Dios siendo buenos corresponsables de su creación.
